# Nutrimenti\_habitat creativo

OPEN CALL :::: TERNI, ITALY, OCTOBER 2019

*“I move within a landscape where revolution and love  
make shocking speech”*

*René Char, Poèmes (à Aragon, 1927)*

*Associazione Demetra* is an organization which has been active for more than 15 years in supporting creativity in every form of expression and in conceiving innovative formats in the cultural field. Today, in partnership with *Indisciplinarte* in the frame of the regional artist residency project *C.U.R.A Centro Umbro di Residenze Artistiche*, we promote the open call “*Nutrimenti\_habitat creativo 2019*”.

The main idea of this residency is throw the seeds to create brave projects to grow together.

The ideas of the last two editions of *Nutrimenti habitat creativo* developed in synergy with the artists, creatives and professionals of *Ass. Demetra* and its partners gave birth to the event “Concerto dai Balconi” and the artistic participatory project, now in process, “Museo Domestico”.

The call for applications is open to artists of any background who have realized or have interest in developing participatory art projects and performances and / or installations, as well as urban games, in unconventional places in the urban landscape with a special attention to public spaces.

The artists selected through this call will stay in a neighborhood of the city of Terni from **October 4th to 20th, 2019**. This year we have chosen the neighborhood Quartiere Italia, a suburban area of the city, close to the city center, characterized by a strong concentration of popular housing, an area inhabited in the past by the working class, nowadays by families of migrants coming from everywhere in the world. The apartment where the artists are going to stay will also serve as base for designing the interventions to carry out in the city and, at the same time, it will be a gathering place for meetings with cultural operators and groups of residents.

A maximum of 3 artists will be selected, they will work both in team and independently and they could be helped by local artists, creatives and volunteers of Ass.Demetra. The selected artists will be invited to think about and work on an agenda of daily proposals. They will be active protagonists of the urban landscape to influence it positively in a creative and stimulant way, to alter the normal daily life, to create a community, to overcome the dividing strangeness, to experiment, to plant seeds.

Associazione Demetra offers to the selected artists:

- accommodation October 4th-20th, 2019
